

HEALTH SCIENCES LIBRARY

Offers...

Reference Services – The library staff and volunteers are available to assist patrons in identifying and accessing information sources and performing searches for information.

Internet Services – The library provides computer access to several Web-based resources, including: AccessMedicine, UpToDate, OvidSP, Nursing@Ovid, MDConsult, Natural Standard, and RefWorks. The library offers easy access to PubMed, Google Scholar, and MEDLINEplus. These are available site wide on SharePoint.

Document Delivery – Through this service, Huntington Hospital healthcare professionals and employees may request materials that are not available in our library.

Training – The library staff is available to train you on its resources or present an overview of its resources. Ask for one-on-one or group training.

Circulation Services – Huntington Hospital healthcare professionals and employees may check out books from the circulating collection after completing a registration form.

- Books circulate for two weeks and may be renewed if not on hold.
- CD, videos and books housed in the workroom circulate for one week.
- Journals do not circulate, but free photocopying is available.
(Photocopying is free to Huntington healthcare professionals, employees and volunteers.)

Equipment – The HSL contains computers to allow access to our resources. It offers a scanner, printers, typewriters, videocassette/DVD player, and headsets.
